

# SPOKANE NORDIC RACING TEAM SPONSORSHIP INFORMATION

Spokane Nordic Ski Education Foundation (SNSEF) teaches the public how to Nordic ski, does volunteer trail work on state and private land in cooperation with Mt. Spokane State Park and other agencies, and hosts ski competitions to develop the skills of amateur athletes.

Support the Nordic racing team at Mt. Spokane! SNSEF hosts Junior Olympic trials for aspiring racers throughout the region. Currently seeking sponsors for the "racing" van.

Decal sizes per sponsorship are as follows (sizes are approximate and vary based on the shape of your graphic and location on the van):

Sponsor Amount	Decal Size (feet)
\$500	1 X 2
\$1000	2 X 3
\$1500	2 X 4
\$2000 - \$5000	Large size, donor specified

We need your logo (high resolution electronic graphic) and any other visual details you want to include for the decal. If you need graphic assistance, we are happy to help!

Sponsorship provides advertising for your business in the form of decals on the van for two years. The Spokane Nordic Racing team uses the racing van daily during the holiday break, and then every Saturday and Sunday through the rest of the ski season, giving lots of visibility.

Just fill out the [SNSEF donation form](#), designate your contribution to the "Racing Team fund" and send it in with your check. Then we will send you a letter/contract showing duration of the sponsorship and the details of your tax-deductible contribution for the IRS.

The plan is to batch several sponsorships together to save money on decal application, allowing for more of your dollars to go towards the young racers on the team. For example, a single 1 X 2 decal costs \$143 alone, but if we buy four they only cost \$42 a piece. So tell friends to get on the van too.
